TECHNICAL APPENDIX: METHODOLOGY

PURPOSE OF THE GUIDANCE

This note is one of a series of Supplementary Planning Guidance Notes (SPGs) which provides further detailed information in support of the policies contained in the Eryri Local Development Plan. The Supplementary Planning Guidance is intended to give greater detail on specific issues than is possible or appropriate in the Eryri Local Development Plan.

The purpose of the Supplementary Planning Guidance is:

- *To provide detailed Guidance about the manner in which the Planning Authority will deal with certain types of development which, due to their size, design and locational requirements, may have a harmful effect on landscape character of the National Park.*
- *To provide Guidance to assist officers and members in determining planning applications.*

Status

This Supplementary Planning Guidance will be a material planning consideration when decisions are made on planning applications.
